WELCOME

to the Gawler & Districts 4WD Club

Previously known as "The Light Four Wheel Drive Club of SA Inc." this active 4WD club was founded in 2002. Members voted at the March 2008 meeting to change the club's name and meet at Gawler to give the club a more recognizable name and a more central meeting place.

It has become a very social club and has run many a successful day, weekend, long weekend and extended trips. We are a member of the Four Wheel Drive South Australia that incorporates the Driver Training Unit. Most meetings include a Guest Speaker and a monthly club newsletter.

If you are a visitor to tonight's meeting, we welcome you and your family to our club. Please ask as many questions as you want. You can join us on up to 3 club outings before becoming a member. Trip Leaders run each outing and will be glad to help you with tips on four-wheel driving and how to get the best from your vehicle. If you would like to join us on any trips and enjoy what 4WD can really bring, please fill out your details on our Trip Sheets.

The Club meets every second Friday in the month at 7.30 pm at the Gawler Elderly Centre Hall in Fourteenth Street, Gawler.

The meeting dates are shown on page 3 of this newsletter.

Annual membership fees are \$60 per vehicle/family, plus \$10 joining fee.

NOTES FROM YOUR COMMITTEE

Presidents Report:

Welcome to a new year of our Gawler 4WD Club.

This meeting we welcome Andrew Ridge talking to us about the great Australian explorer Sir Hubert Wilkins. Andrew is the Great Great Nephew of Wilkins, so please give him a great welcome - it is sure to be very interesting.

The Strathalbyn and Milang Day trip is on Sunday 20th February. We will visit the new Gilberts Motor Museum at Strathalbyn, have lunch at Oasis Gardens Restaurant and visit Milang Railway Museum. *To confirm your place for lunch I will need to confirm our numbers at this meeting at the latest.*

We have many new trips organised for this year plus a couple of events in the planning, so please add your names on the Trip Sheets as soon as you can to help our Trip Leaders.

Moolooloo Station have advised they are now welcoming tourists with new owners , so check out their website. www.moolooloo.com.au

Subs are now due - \$60 + \$10 Joining/late fee. You can do a direct debit to the clubs bank account. Remember to download a application/renewal form filled out and signed to hand to Wayne please.

Editors Report:

Hello everyone and welcome to the first edition of the Newsletter for the year. I can't believe that we are in the second month of the year already! I would also like to extend a warm welcome to our new Club members. (Tas, Russell and Dawn).

As Quenton mentioned above, we have a number of trips planned already for the year but this list certainly doesn't stop anyone else making suggestions and even offering to lead a trips. Just let a committee member know when and all details pertaining to the trip and we can include it in the Newsletter.. If someone would like to try their hand at leading an already planned trip, you have a chance to do that during the October long weekend. Please see Quenton who is co-ordinating the trip for advice and assistance. All other details are in the Newsletter

If there is something you'd like to see included in the Newsletter, be it an article, recipe or photo, then please forward for consideration.

Thank you, enjoy the trip to Strathalbyn and Milang pencilled in for Sunday 20 February, and we will catch up in the next Newsletter. Have a great month.

[Sandra]

LEN BEADELL ROADS

Leonard Beadell OAM BEM FIEMS was a surveyor, road builder, bushman, artist and author, responsible for constructing over 6,000 km of roads and opening up isolated desert areas - some 2.5 million square kilometres - of central Australia from 1947 to 1963. Born in West Pennant Hills, New South Wales, Beadell is sometimes called "the last true Australian explorer".

Wikipedia

This map outlines some of the major roads surveyed by Len Beadell and include iconic names such as:

- Connie Sue Highway
- Gunbarrel Highway
- Sandy Blight Junction Rd
- Gary Highway
- Gary Junction Road
- Anne Beadell Highway

Want to know more? There are numerous resources providing lots of detail about Len's work. Try www.lenbeadell.com.au, www.exploroz.com, www.hemamaps.com for starters.

WHERE AM I

This sculpture celebrates the life and achievements of Ken Blake, an Australian motorcycling icon.

Blake grew up in Strathalbyn. He started racing a 1964 Triumph in 1966 and went on to conquer the greats in his chosen sport, winning 11 national championships.

The sculpture depicts Blake and a Suzuki RG500. He famously won the 1976 Australian 500 Tourist Trophy on this model motorcycle, defeating 15 time World Champion, Giacomo Agostini in a thrilling race.

Tragically, Ken Blake died in 1981 after crashing his Yamaha TZ350 motorcycle during the Isle of Man Tourist Trophy race.

The answer is on Page 16

AUSSIE OUTBACK

Tanami Track by A Stephen Langham and published by Westprint

(This article reminded me of a trip we did about 9 years ago and brought back memories.)

Linking Alice Springs in the Northern Territory with Halls Creek in Western Australia, the iconic Tanami Track stretches for around 1050 kilometres, with more than 800 of that being dirt, with the longest distance between fuel stops of around 600 kilometres.

A single strip of bitumen leaves the Stuart Highway and is like this all the way out to Tilmouth Well, a distance of just under 190 kilometres and from there on, the corrugations set in. This is also the only place along the drive that has caravan park facilities and after that, you will be bush camping for a minimum of two nights.

Along the way, old highway camps make a great place to pull in off the track and enjoy the solitude of our Aussie Outback. One place that is a "must" camp location is along the Sturt Creek, not far from the Billiluna Aboriginal Community that also sells fuel.

Depending on which way the wind is blowing, you are better to stop and get off the road when you see one of the many Road Trains coming towards you, as you cannot see through the wall of dust and you would not want to meet another vehicle head on through the dust cloud.

If travelling solo, you must be fully prepared, as there are no facilities along the drive and the only phone service is within a very small radius of the Tanami Gold Mine. For this reason, I strongly urge all Outback Travellers to carry a PLB as a minimum piece of safety equipment, while a satellite phone or HF Radio or a SPOT will give you contact in an emergency with the outside world.

One lot of old ruins along the drive are the Mount Doreen ruins that are around 320 kilometres west of Alice Springs, but if you do not have a detailed map, you will pass them by without even knowing where they are.

As this is all traditional Aboriginal Lands, you may encounter traditional turnoffs and the smoke in the distance fills the sky, making it look like rain clouds. The only detour along the way is the famous Wolfe Creek Crater which is around 170 kilometres south of Halls Creek.

ANSWER TO "WHERE AM I"

Ken Blake sculpture Strathalbyn.

TOWNS OF SOUTH AUSTRALIA

In this series of "Towns of South Australia" I will explain a brief history of the town and how it got its name. This month we look at Angaston.

Angaston

Originally known as "German Pass" Angaston was established in 1842. Colonel William Light established a route through here to the Murray river to bypass the steep Mt Lofty Ranges.

The town was named after George Fife Angas, an English Banker, Merchant and Landholder, who purchased 28,000 acres around Angaston for 1 pound an acre. His son John Howard Angas looked after his father's interest as G F Angas remained in England until 1851.

G F Angas lived at Lindsay Park and J H Angas lived at Collingrove Homestead. Five generations of the Angas clan called Lindsay Park and Collingrove home. Descendants of the Angas family still live in the Angaston area at Hutton Dale Farm.

J H Angas built the Union Chapel in 1844, the Barossa's oldest surviving public building (now restored in Penrice Road) and encouraged the growing of vines and orchards in the valley. The stone arch bridge at the Western end of town was built in 1865 (still in use) and by the 1860s Angaston prospered with a number of churches, a Mechanics Institute (now a B&B and

formally the Masonic Hall), two hotels, police station and court house. The Angas family financed new public buildings and churches, promoting social and cultural life.

Marble has been quarried at Angaston since the 1870s and in particular white and pink marble feature in buildings and monuments in town.

The Town Hall (formally Institute) was built in 1911 (pictured) with the foundation stone reading "This stone was laid by Mrs CH Angas of Lindsay Park Angaston May 24th 1911". A cinema was started here in 1914 and talking pictures in 1931.

The Angaston railway line opened from Gawler through Nuriootpa to Angaston in 1911. The economy of the town prospered after the railway line opened. Regular passenger services operated until 1968 and the last occasional tourist train in 2004. The railway station has now been restored.

Join me for a guided walk of the Angaston main street after our "Outback Morning Tea" on Sunday 3rd April, 2022.

TRIP REPORT COMPETITION

It's on again...as long as we receive trip reports so please remember to take pencil and paper when out on a trip!

The committee has once again, decided to continue with the Trip Report competition this year to reward those who submit a Trip Report throughout the year!

It does not matter whether the report is long or short, serious or funny, whether you have written one or more, your name will go in the "hat" for each report that is written.

Winner will be drawn out of the collection of names at the end of the year either at the Christmas Show BBQ or at the AGM.

**So the more reports you write
the better your chances of winning!**

There will be another

Prize

so please keep-on writing!!!

FRIDAY FUNNIES

An artist, while not a brilliant scholar, was a gifted portrait painter. Over a short number of years, his fame grew, and soon people from all over were coming to get him to paint their likenesses.

One day, a beautiful young woman arrived at his house in a stretch limo, and asked if he would paint her in the nude. This being the first time anyone had made such a request, he was a bit perplexed, particularly when the woman told him that money was no object; moreover, she was willing to pay up to 10,000 pounds.

Not wanting to get into any marital strife, he asked her to wait while he went into the house to confer with his wife. They talked much about the Rightness and Wrongness of it. It was hard to make the decision but finally his wife agreed, on one condition.

In a few minutes he returned. "The wife says it's okay. T'would be me pleasure to paint yer portrait," he said. "I'll paint you in the nude alright, but I have to leave me socks on, so I have a place to wipe me brushes."

A professor asked a student to remain for a few moments after class. Holding out the young man's assignment, the professor said, "Did you write this poem all by yourself?"

The student said, "Every word of it."

The professor said, "Well then, I'm glad to meet you, Mr. Wordsworth. I thought you were long dead."

This past fall semester, at Duke University, there were two sophomores who were taking Organic Chemistry and who did pretty well on all of the quizzes, midterms, labs, etc. Going into the final exam, they had solid "A's."

These two friends were so confident going into the final that the weekend before finals week (even though the Chem. final was on Monday), they decided to go up to University of Virginia to party with some friends. So, they did this and had a great time. However, they ended up staying longer than they planned, and they didn't make it back to Duke until early Monday morning. Rather than taking the final then, they found Professor Aldric after the final and explained to him why they missed it. They told him that they went up to Virginia for the weekend, and had planned to come back in time to study, but that they had a flat tyre on the way back and didn't have a spare and couldn't get help for a long time. So, they were late getting back to campus.

Aldric thought this over and agreed that they could make up the final on the following day. The two guys were elated and relieved. So, they studied that night and went in the next day at the time that Aldric had told them.

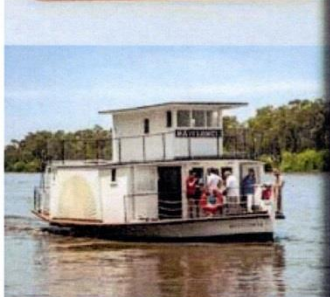

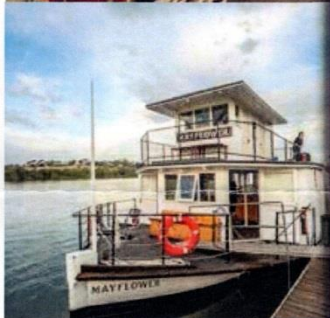

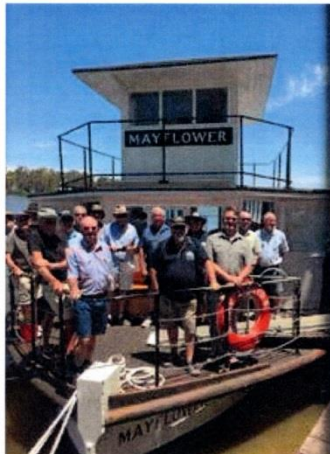

He placed them in separate rooms, handed each of them a test booklet and told them to begin. They looked at the first problem, which was something simple about free radical formation and was worth 5 points. "Cool" they thought, "this is going to be easy." They did that problem and then turned the page.

They were unprepared, however, for what they saw on the next page.

It said: (95 points) "Which tyre?"
